Quality Management Representative

Dear Director Paradelo,

Certification to ISO 9001:2015

The certification of your quality management system (QMS) to ISO 9001:2015 is hereby approved by Certification International Philippines, Inc. This confirmation was based on the results of the first surveillance with transition audit of your QMS on 14-15 March 2018 and the improvement actions on the three non-conformities that were raised at that audit. The effective implementation of the improvement actions on reports Team-01, KAM-01, and KAM-02 will be verified on the second surveillance audit.

The audit found your QMS maintained in accordance with the requirements of ISO 9001:2015. It reported the strengths of your QMS and the activities that have been initiated by your different departments to meet their quality objectives and ensure external and internal customer satisfaction.

Finally, we encourage your management team to consider the opportunities for continual improvement that were discussed during the audit. We anticipate that your appropriate actions on these would escalate the effectiveness of your QMS as a tool for continual improvements and as a guide for meeting organizational performance objectives. Subsequent audits will track the progress and results of these improvement actions.

Best wishes for your continued success.

Very truly yours,
