

## *WMEs boost knowledge on Meat and Fish Processing Training*

---

*October 1, 2021  
Via Zoom Platform*

The Department of Science and Technology Region VII and the Philippine Commission on Women heightened the skills of the WMEs on Food Processing Training on October 1, 2021 through zoom platform.

“To sustain economic growth, alternative livelihoods is now needed such as on Meat and Fish Processing, so as to boost/ increase one’s income and sustainability... in this time of pandemic, said Jesus F. Zamora, Jr, OIC Regional Director of DOST VII.

Ms. Marichu D. Baclay, Senior Science Research Specialist of DOST VII provided the WMEs with inputs on Fruit and Vegetable processing.

The training heightened the participant’s awareness on Meat Processing specifically on Taho/ Soy, Calamansi concentrate, Coconut water and Dried Mango.

The training was participated by Marylew Echavez and Ms. Shernes Alcantara of the Philippine Commission on Women, Lance Basamot of DTI and partner women entrepreneurs of the GREAT Women Project 2 from Bohol and Cebu.

Cheryl Lituanas, C & CL Cocoa Manufacturing said the training is , “extremely important and I learned a lot of this session on how to process,” fruit and vegetables for an enterprise venture.

The Resource Speaker of the training is Ms. Marichu D. Baclay, the Senior Science Research Specialist and a member of the Gender and Development Focal Point System and also a member of the Food Safety Team of DOST VII.

This is an activity spearheaded by the Department of Science and Technology Region 7 headed by our OIC-RD, Engr. Jesus Zamora Jr., this is supported by the Great Women Proj 2 of the Philippine Commission on Women
